

WSIPC and SchoolMessenger Partner to Provide Free Emergency Calling and Best-in-State pricing for Full Notification Coverage for 1,400 Washington Schools

WELCOME WESPAC DISTRICTS!

The Washington School Information Processing Cooperative has partnered with SchoolMessenger to provide free and best-in-state pricing options for the state's leading notification service. Plus, new and existing SchoolMessenger customers get a free upgrade to enhanced Family Access – providing a single location for parents to log in and update contact information.

Two packages are available:

Free Emergency Notification Through June 30, 2010

WESPAC districts can now take advantage of FREE emergency coverage from Washington's leading notification service, SchoolMessenger. For districts not already using SchoolMessenger, there is now no cost to use this rapid notification service to meet critical emergency response requirements through June 30, 2010.

Unmatched Pricing for Full-service Notification Plus Extended Coverage Through the end of the 2010 – 2011 School Year

Need more than just emergency coverage? If you want to use SchoolMessenger for additional notification needs such as automated attendance calling, child nutrition low balance alerts, general announcements, and more, WSIPC has established the best-in-state pricing for that too. **Plus, when you sign up for 12 months of service before March 31, 2010, your service will be extended at no additional cost through June 30, 2011.** This offer is available now to all districts not already using SchoolMessenger.
